SALES EXECUTIVE – LORRY LOADER CRANES

Market Weighton, East Yorkshire Attractive Salary & Company Car

The Company:
Britcom International Limited have been established for 27 years and are one of the UK's leading suppliers of quality trucks and plant equipment.

In addition, we offer a complete vehicle engineering and bodyshop service. A forward-thinking company, we are members of ALLMI and both ISO and Investors in People accredited.

The Role
Due to the continued expansion of our vehicle engineering department, we are looking to recruit a Sales Executive to develop the sales of the EFFER range of lorry loader cranes. We are the dealers for EFFER for the North of England and have already experienced considerable success in the last year with this innovative range of cranes.

In addition to sales, fitting and service of the cranes, we also have many years experience in the manufacture of plant bodies & specialist trailers and all aspects of chassis engineering, which enables us to offer an entire package to our clients.

Our commitment to the EFFER product is demonstrated by our decision to exhibit for the first time this year at the SED show in May.

Whilst initially focusing on the EFFER crane sales, the successful candidate will also be expected to promote the full range of services of our vehicle engineering and bodyshop departments, including our agency for Edbro equipment in the region.

Candidate
A background in lorry loader crane sales would be advantageous although not essential, as would engineering knowledge and experience. Due to the nature of the role, it is expected to involve a considerable amount of travel throughout the North of England visiting clients.

This is an excellent opportunity to join an ambitious, expanding company.

Application forms are available from:
Charlotte Sykes, Britcom International Limited, York Road,
Market Weighton, East Yorkshire, YO43 3QX.
T: 01430 871010 E: charlottesykes@britcom.co.uk W: www.britcom.co.uk

Closing Date: 30th April 2008

service engineers

We are JONES & IRON FAIRY cranes.

Based in the South of England. We have a good small team engaged in the repair, service, test & rebuild of our own cranes plus those made by other manufacturers. It is our intention to build new units in the future as well as staying committed to the existing machines. We need good service engineers for both on site work & factory/works activities.

Experience with our or other cranes is preferred but transferrable skills will be considered.

We also seek a general machinist & machinist/welder-fabricator for the crane side & the allied SOUTHDOWN ENGINEERS operation.

Please forward CV's to Sean Preston on email info@ironfairycranes.co.uk or fax 01273 494294

Clements

Plant and Tool Hire Ltd

Sales Executive • Hire Controller

Clements Plant & Tool Hire is Coventry's largest independent Plant & Access Hire Company. We offer a comprehensive range of equipment for hire from a Drill up to a 21m Aerial Platform.

As a result of expansion, we are looking to recruit the above key positions. Suitable candidates will ideally have experience of both Plant & Access however, full training will be given.

If you feel you have the skills to help us grow our business and to offer a truly excellent service which is only available from ai independent, we want to hear from you!

For further details please contact the undersigned by e-mail or post. All information will be treated in the strictest confidence.

Jim Longstaff - Managing Director
Clements Plant & Tool Hire Ltd, 209 Torrington Avenue, Coventry, West Midlands. CV4 9AP.
Tel: 024 76 466684 Fax: 024 76 474878
E-mail: jiml@clementsplant.co.uk

Assistant Plant Manager

£Competitive + car + bonus + benefits
New Milton, Hampshire

For over 30 years, McCarthy & Stone have been achieving building excellence. A reputation recognised by 45,000 buyers and consistent success at the British Housebuilder Awards. Overseeing our own 36 high spec cranes and handling all necessary outsourcing arrangements, you'll be in control of inspecting sites, assessing their craneage needs and implementing them. This will give you real grounding in the finer details of plant management, such as checking for accessibility, understanding ground stability and health and safety issues. It's an exceptional opportunity to take your career to the next level with an industry-leading organisation with real career progression opportunities.

A proven background in the crane industry, with a particular understanding of tower cranes as well as a thorough understanding of on-site Health & Safety. You'll also bring excellent communication and organisational skills, as well as the ability to read site plans. In addition, a relevant engineering qualification at HNC level or equivalent will be required.

To apply, please email your CV and covering letter to: jobs@mccarthyandstone.co.uk

Closing date: 16th May 2008.

ECO LIFT outrigger pads

- Manufactured in Germany to the highest standards from regenerated polyethylene
- Safe and easy to handle will not splinter
- No water absorption
- High resistance to impact and vertical pressures
- Under normal working conditions unbreakable
- Inbuilt memory, adapting to working surface
- Custom sizes available
- Supporting - mobile cranes, self erecting tower cranes, loader cranes, aerial work platforms, concrete pumps, tele handlers
- Load bearing capacities from 5 to 300 tonnes
- 3 year warranty against breakage

PKS-600

Super-compact Aerial Work Platform
This super-compact work platform is ideal for working in tight spaces. Battery operated and driveable at full height, the PKS-600 weighs just 653kg and folds down to fit into a small van!

- Up to 6m of working height
- Compact - only 0.78 x 1.47m
- Easy to transport - stows to just 1.13m
- Battery operated for 'clean-air' and quiet operation

Call the KermCo team today for all your powered access needs - models range from 3m to 101m!
