An Oshkosh Truck Corporation Company

Think Big and Build from There.

JLG Industries Inc. is the world's leading producer of mobile aerial work platforms and telehandlers. JLG is fiercely growth oriented and has delivered double-digit growth during the past several years. Founded in 1969, today JLG is a nearly \$ 3 billion company and the leading manufacturer of access equipment.

In Europe, JLG has more than 600 team members with sales and service locations in six countries across Europe, a Shared Service Center (SSC) in the Netherlands and two manufacturing facilities in Belgium and in France. In addition, JLG provides financial and after sales services on a pan-European scale.

JLG UK is currently recruiting for the following positions:

Account Manager – North UK

Purpose of the job:

- We are looking for an experienced sales person to take on the role of JLG Regional Account Manager
- Management and progression of relationships with current customers
- Development of new opportunities, building of customer loyalty
- Promotion and sales of the full JLG product portfolio including access platforms and telescopic handlers

Profile of the Ideal Candidate:

- Sales experience (minimum of 2 years) is essential, preferably from a mechanical handling background
- An interest and understanding of powered access equipment
- Motivated and professional, ability to work alone and as part of a team
- Fluency in English and excellent communication skills are vital
- Educated to at least O'Level/GCSE with Maths and English level, Science and/or Engineering qualifications would be beneficial
- Good level of IT including MS Office

In this position you report to the Strategic Account Director. You will be based from home.

Service Engineers – South East UK

Purpose of the job:

- Provide unsupervised service & repair work at the construction customer site for JLG's full range of powered access equipment
- Carry out new equipment "pre delivery inspections", yearly inspections and spec changes, as well as provide telephone support to customers when necessary
- Undertake customer retail work, used equipment and warranty repairs
- Submit well presented and accurate service documentation on a timely basis
- Uphold the companies health & safety policy and ensure that their work area is well presented and upholds the companies image

Profile of the Ideal Candidate:

- Experience in the service field (ie within agriculture, heavy construction machinery and forklift industry) preferably as an engineer servicing and repairing powered access equipment, general plant or crane would be advantageous.
- Relevant training i.e. apprenticeship in a related industry & hands on experience of diagnosis & the repairing of mobile equipment
- Qualified to allow the statutory inspections to be undertaken (eg CAP) as well Operator training on specific equipment (eg IPAF)
- Flexible and a real trouble-shooter
- Have high level of practical common sense and ability to interpret hydraulic and electrical schematics
- Fluency in English and strong communication skills are also required; the successful candidate will be expected to build relationships with existing JLG customers and assist with the development of new accounts.
- Good level of IT including MS Office

In this position you report to the Service Manager UK. You will be based from home but daily travel will be required to the customer's site.

The salary and conditions of employment for these positions are aligned with the position and depending on your educational level and experience.

Application: If you would like to apply for either of these positions, please send a brief cover letter and a CV to Ms E Noyes, Recruiting Coordinator at Recruitment_Erneas@jlg.com or by post to: General Manager, JLG UK, Bentley House, Bentley Avenue, Middleton, M24 2GP, UK. For more information about JLG and further opportunities in other locations, please visit www.jlg.com and check our Career Center.

More information about Oshkosh: Oshkosh Truck Corporation [NYSE: OSK] is a leading manufacturer of specialty trucks and truck bodies for the Defense, fire and Emergency, Concrete placement and Refuse Hauling markets. Recently Oshkosh has acquired JLG Industries, a worldwide leading manufacturer of Aerial Working Platforms and Telehandlers. The total annual revenue of Oshkosh is \$ 6.3 Billion on global bases. To learn more about Oshkosh Truck Corporation, visit its web site at www.oshkoshtruckcorporation.com.

Experienced Export Executive Seeks fresh challenge

A highly experienced European based export sales manager with many years involvement in the powered access and compact equipment industry I am looking for a fresh challenge.

I have spent most of my career to date setting up and managing distribution/dealer networks and have particular strength in the Middle East and Asian markets, including China and the Pacific Rim.

If you think I can play a productive role within your company please email me at:

Jobs@vertikal.net

With Recruitment box 6, in the subject heading

Are you looking for first team action?

Do you want to be part of a winning team?

Scotland's "Champions" are recruiting NOW in the following areas:

**Rental Sales Executives
Machine Sales & Leasing Executives
Administration
Service Engineers
Refurbishment Engineers
Delivery Drivers
Training Instructors
Training Administration**

All applications will be treated with the strictest of confidence. In the first instance contact the Managing Director

Active Rentals Ltd, Active Business Centre,
Allanshaw Industrial Estate, Hamilton ML3 9BG

Nationwide Service Provider Specialising In Mobile Self Erecting Tower Cranes

As a result of our continued success we now have an immediate opening for a National Sales Executive.

Reporting to the Operations Manager you will be responsible for:

- *Managing and promoting sales nationwide*
- *Developing new and existing accounts*
- *Achieving and exceeding given targets*

As the successful candidate, you will have a proven track record within sales, be highly motivated, energetic, a go getter focused on succeeding, conversant with Microsoft office and good time management. Knowledge of the crane industry would also be advantageous.

An excellent remuneration package will be offered to the successful candidate.

Interested applicants for the above position should forward a CV to:

Jane Williams Operations Manager, K-Lift Ltd. National Hire Desk,
Shandon House, Egerton Street, Denton, Manchester, M34 3LT
Or jane.williams@k-lift.co.uk

The most compact cranes in the world!

Would You Like An Uplifting Experience?

Powered Access Certification Ltd, a leading UK Notified Body specialising in EC certification of equipment for lifting persons, has immediate vacancies for Technical Officers to carry out EC Type Examination of powered access equipment before it is supplied into the European market. The positions require engineers with experience of the powered access or allied industries and formal engineering qualifications (an engineering degree and preferably chartered status).

EC Type Examination is both varied and challenging, with each Technical Officer having a high degree of autonomy bounded by the requirements of the Machinery Directive and PAC's systems and procedures. Technical Officers require integrity, flexibility and the ability to communicate effectively with people at all levels and be prepared for occasional international travel.

These opportunities would ideally suit self-employed persons, already working from home, who have spare capacity to take on additional work in this interesting and unusual field.

An excellent remuneration package, plus expenses and comprehensive travel insurance is available to successful applicants.
