Join the Mini Revolution

UNIC
CRANES EUROPE

Unic Cranes Europe is the sole European distributor of Furukawa Unic mini crawler cranes. The company is young, dynamic and committed to its workforce. We are leading the development of the mini crane market in the UK and Europe. Our growth has been rapid and sustained.

We are driven by a core set of values - honesty, service, innovation and product excellence. If you share our values and want to be part of one of the crane industry's most exciting and challenging sectors, we have two outstanding opportunities based at our HQ in Thame, Oxfordshire.

Crane Engineer

A keen, qualified and experienced crane engineer is sought, with sound knowledge of hydraulic/electrical systems. Experience of safe load indicator installation would be a distinct advantage. Communication and organisational skills are also important as your role will involve interaction with customers and dealers together with supervision of other workshop staff. This is an interesting and varied

role for the right candidate. You will be predominantly workshop based but with the potential for some international travel.

CITB Qualified Instructor

An emphasis on health, safety and training has been vital to our success. We are looking for a CITB qualified instructor with experience of training on mobile or crawler cranes. As well as delivering regular training courses on mini crane operation, your role will involve liaison with industry bodies to establish a standard course and qualification. You will also be responsible for setting up a dedicated training centre. In addition, you will oversee health and safety compliance throughout the company, promoting the highest standards to employees and customers.

Please email or post a full CV with covering letter to:

Gill Riley, Unic Cranes Europe, Units 9-10 Ridgeway, Drakes Drive, Long Crendon Ind Est, Long Crendon, Bucks HP18 9BF.

To further enhance after-sales product support for our valued Crane customers throughout the UK and Ireland, we are seeking to recruit an

After Sales Account Manager – Cranes

Your Responsibilities

- Establish and maintain good communications and effective relationships with specific customers, internal departments and our factories to ensure that after-sales services are promptly and efficiently provided
- Monitor progress of customer projects, service engineer and sub-contractor attendances and supply of spare parts
- Take both a pro-active and responsive role in providing key customers with product support and look at ways of improving after sales delivery to those customers
- Work closely with the sales department and customers regarding both new and pre-owned machine deliveries, customisation and operator familiarisation
- Provide technical support to customers and engineers where necessary and draw up technical reports as required
- Ensure that associated documentation is meticulously maintained

Your Profile

- Experienced and with a strong relevant technical background, preferably gained in the crane hire or service industry at middle or senior management level
- Good IT skills and an ability to apply training to new systems
- Excellent interpersonal, communication and management skills, with commercial acumen that can be maintained under pressure
- A strong customer service ethic
- Possess recognised academic and engineering qualifications – preferably HNC or equivalent

What We Offer

- An opportunity to work with an industry-leading supplier
- A secure, dynamic and progressive work environment
- A competitive remuneration package
- Training and personal development programmes
