cranes & access

FOR USERS & BUYERS OF LIFTING EQUIPMENT

Cranes & Access reaches over six times as many UK/Irish buyers of aerial lifts and lifting equipment than any other crane or access magazine, along with an exceptionally strong international readership, with over 15,000 lifting related professionals around the world reading either the printed or online editions of the magazine.

Given the wide global readership you will be surprised at how cost effective it can be as a medium to promote your products or services.

Problems occur at the least expected times, but when they do, support and specialist knowledge from someone on your side is invaluable. The CPA specialists can help with many issues, including training, safety and legal matters.

If dealings with a government department or an industry authority are not going smoothly, CPA can advise on what to do, and can turn to their extensive range of contacts to find the right person to speak to.

This means your problem gets solved quickly and painlessly wherever possible - allowing you to get back to your business.

Niftylift's award winning **SiOPS®** safety system prevents sustained involuntary operation in the event of an operator entrapment.

- Stops sustained involuntary operation
- Removes operator reaction time
- Greatly reduces potential for injury
- Machine movement stops instantly
- Gives operator vital second chance

SiOPS® eliminates sustained involuntary operation by interrupting all machine movement if an operator is pushed against the cage controls.

SiOPS® reacts instantly when it senses the operator being forced onto the controls.

By removing the operator reaction time **SiOPS®** also greatly reduces the potential for trap injury.

SiOPS® is only available on Niftylift MEWPs and addresses a known contributing factor in trapping incidents and gives the operator a vital second chance.

To learn more about Nifty **SiOPS®** and how it can save lives, please visit our website.
