FOR USERS & BUYERS OF LIFTING EQUIPMENT

Cranes & Access reaches over six times as many UK/Irish buyers of aerial lifts and lifting equipment than any other crane or access magazine, along with an exceptionally strong international readership, with over 15,000 lifting related professionals around the world reading either the printed or online editions of the magazine.

Given the wide global readership you will be surprised at how cost effective it can be as a medium to promote your products or services.

# GOING UP IN THE WORLD

**A history of Simon Engineering, the development of the powered access industry and a lifetime as an engineer, by Denis Ashworth**

Ashworth was a keen engineer and from an early age found himself in at the very start of the modern powered access industry.

His book is an unusual combination of autobiography and history of Simon Engineering Dudley, a pioneer of the powered access industry and at one time, the world's largest manufacturer of aerial lifts.

The coffee table sized book, is highly readable and includes around 150 photographs and drawings from the very beginning of the industry. It is a 'must read' for anyone who is interested in powered access, the hydraulic equipment industry or in comparing modern day engineering challenges with those of an entirely different era.

The book is available direct from the publishers at £19.50, plus £4.50 postage and packing.

- Continental Europe €23 plus €6.50 postage & packing
- Rest of world \$31 plus \$10 shipping

## Home wanted for 6 tonne Rapier

The Rushden Historical Transport Society in Northamptonshire is looking for a good home for a Rapier H7 mobile crane which is in desperate need of restoration.

Surviving examples of these cranes are rapidly disappearing which is a great shame for what is a classic, if not iconic mobile crane. If someone with the space and possibly engineering apprentices that would work on such a restoration could take on this project we would be delighted to chart the progress in our magazines. If anyone is interested they can contact the society via email [andy@rhts.co.uk](mailto:andy@rhts.co.uk)

*This old Rapier needs some TLC - free to a good home*

The Rushden Historical Transport Society runs Rushden Railway Station and operates steam and historical trains on a railway line that it has restored. [www.rhts.co.uk](http://www.rhts.co.uk)

The Rapier H7 was a popular crane for rail freight handling and featured in the Thomos Tank Engine books as Kevin.

# CPA Construction Plant-hire Association

Another good reason to join the CPA...

Problems occur at the least expected times, but when they do, support and specialist knowledge from someone on your side is invaluable. The CPA specialists can help with many issues, including training, safety and legal matters.

If dealings with a government department or an industry authority are not going smoothly, CPA can advise on what to do, and can turn to their extensive range of contacts to find the right person to speak to.

This means your problem gets solved quickly and painlessly wherever possible - allowing you to get back to your business.
