## The world's largest Construction Equipment Exhibition: April 23 – April 29.

Bauma, the biggest capital equipment show on earth, covers everything from Tyres to Telehandlers, Cranes to Theodolites and Cabins to Platforms. The range is mind-boggling and it attracts more exhibitors and visitors than any exhibition of its kind in the world. Even though most visitors stay for more than one day, the show is so large, the number of stands so great and the visitor traffic so heavy, that customers can easily miss stands that would be of serious interest to them.

Vertikal Bauma is a Bi-Lingual (German/English) specialist guide for those primarily interested in Cranes, Telehandlers and Access Platforms.

### Some facts about Bauma:

Over 415,000 Visitors:

At least 330,000 use German as a primary language

Over 390,000 visitors are European

In 2004 over 95,000 visitors claimed that scaffolding, formwork and access were their major interests, while more than 90,000 claimed that it was lifting and conveying.

### Vertikal Bauma: The complete Bi-Lingual guide to access and lifting at Bauma

- Made available to readers of Cranes & Access and Kran & Bühne prior to the show and will be online before, during and after the show.
- A minimum of 10,000 copies will be distributed at the entrance to the outside areas during the exhibition.
- A reference style, easy to read directory - all Access Equipment, Crane, Telehandler and associated component and ancillary equipment exhibitors will be listed.
- Full detailed plans and maps of the exhibition showground will be included.
- The guide will contain local area information including restaurants, bars and how to get about in Munich.
- Produced in both German and English, the guide will ensure that your company reaches more than 90 per cent of visitors during the show.
- The guide will be widely publicised and promoted in the three-month run-up prior to Bauma.
- The guide will also act as a reference source to the lifting and access communities after the show.

## Die weltgrößte Baumaschinenmesse vom 23. – 29. April

Egal wie Sie es sehen. Die Bauma ist die größte internationale Baumaschinenmesse in 2007. Ob Krane, Arbeitsbühnen, Teleskoplader oder Zubehör. Diese Ausstellung ist der wichtigste Termin, um neue Produkte aus Ihrem Bereich vorzustellen. Diese Messe ist größer an Fläche, umfangreicher an Ausstellern und hat mehr Besucher, als alle Messen dieser Art. Viele Besucher bleiben länger als einen Tag. Die Messe ist so groß, der Besucherstrom so stark und die Anzahl der Stände so umfangreich, dass es leicht passieren kann, dass Besucher viele der Stände verpassen, die eigentlich interessant für sie wären.

Unser zweisprachiger Messeführer VERTIKAL BAUMA wird die Besucher in Deutsch und Englisch an Ihren Stand führen und nach der Messe als Referenzwerk nach Hause mitgenommen werden.

### Einige Zahlen über die Bauma:

Mehr als 415.000 Besucher

Davon haben 330.000 Deutsch als Hauptsprache

Über 390.000 sind Europäer

Und im Jahr 2004 lag das Hauptinteresse von fast hunderttausend Besuchern im Umfeld der Hebeindustrie

### Vertikal Bauma

- Über 10.000 Exemplare werden an Haupteingängen zu den Außenbezirken verteilt werden.
- Eine einfache Übersicht der relevanten Ausstellern und detaillierte Pläne zu den Ständen stellt sicher, dass die Kunden und Besucher Sie nicht verpassen werden.
- VERTIKAL BAUMA stellt die Neuheiten und Neuigkeiten der Branche speziell zur Bauma vor.
- Stellen Sie sicher, dass jeder interessierte Besucher Ihren Stand findet.
- Stellen Sie sicher, dass Sie mit dabei sind, um für Ihre Produkte und Ihren Service während und nach der Messe zu werben.
- Mit unserem zweisprachigen Messeführer Deutsch/Englisch erreichen Sie 90% der Besucher
- Auch Nichtaussteller sollten mit dabei sein, um sich im passenden Umfeld zu präsentieren.

## Area Sales Managers Truck Mounted Access

Skyking offers the widest range of truck and van mounted aerial platforms in the UK market with more than 1000 machines sold over the past 10 years. Working with key partners including GSR, Wumag and Skyhigh and through its own application engineering as part of the King Vehicle Engineering Group, we have been able to offer vehicle mounts for most applications.

Further expansion with new models and opportunities mean that we are looking for two sales managers to develop new market areas and strengthen our existing market share. We are seeking key personnel with good access capital equipment experience and knowledge of vehicle finance would be desirable.

The successful applicants will receive a good remuneration package, and can apply by e-mail to the following confidential e-mail - markcarrington@msn.com, or by post, or by calling on:
