## Just *How* Much Did That Battery Cost?

If it wasn't a Trojan battery, you paid more than you think. You see, when it comes to the total cost of owning your battery, your choice may surprise you. You can continue to buy cheaper batteries, but you'll be doing that again and again during the same time you could have been enjoying the performance and value of just ONE Trojan battery. Contact your local Trojan Battery stockist and give your aerial work platform the powerful, dependable and economical lift it deserves.

# The Paint Dull and Faded?

## There is a fast solution that can save you £££'s

When a machines paint work becomes faded and dull, it can take hundreds of pounds off of its resale value and if it is in your fleet it can dent your image and reputation. Current options do not work or are very costly:-

- Cutting polish simply does not last and damages the paint surface
- A respray can cost thousands plus loss of earnings.

## There is now an alternative!

Dakota shine treatment takes less than 24 hours and will restore both the colour and the original deep gloss finish and will last as long as the original paint. The four steps are quick, simple and require minimum skills.

**DEALERS AND APPLICATION CONTRACTORS WANTED!**

1. Pressure wash
2. Clean with Dakota Prep
3. Apply any touch up required
4. Spray with clear Dakota Shine

Leave to harden overnight and your machine is ready to go back to work with a new lease of life! Dakota shine also revives the rubber, vinyl and plastic parts so no need to Mask.
