# CSCS approval for ALLMI

ALLMI has successfully completed the process for Construction Skills Certification Scheme (CSCS) approval, with the CSCS logo being displayed on the ALLMI card as of 1st November this year.

ALLMI chief executive Tom Wakefield said: "This year, we have undergone an independent audit which was mapped against the Construction Leadership Council's requirements for the One Industry Logo initiative, the successful completion of which now enables

us to display the CSCS logo on ALLMI cards. We are delighted with this development; the achievement of CSCS approval is excellent news for ALLMI and it further strengthens our position as the UK's leading provider of training for all lorry loader lifting team roles."

The following important points should be noted in relation to this matter:

- The CSCS logo will be displayed in the top right hand corner of all ALLMI cards relating to the following categories:
  - Lorry Loader Operator
  - Slinger/Signaller
  - Crane Supervisor
  - Appointed Person
  - Thorough Examiner
- The ALLMI scheme will continue in its current form, in other words, there will be no changes to the content or method of delivery/assessment in relation to any of the above courses.
- Cards displaying the CSCS logo will be issued in connection with training paperwork/applications received by ALLMI from 1st November 2016 onwards. For paperwork/applications submitted by training providers before this date, an ALLMI card of the current type - without the CSCS logo - will be issued.
- As of 1st November 2016, current ALLMI cardholders can order a replacement card which will display the CSCS logo.
- As referred to within the Build UK Training Standard published in May this year, from 1st January 2017, Build UK members will require lifting team personnel to hold a CSCS branded ALLMI card, should the cardholder's activities on site be classed as a "construction occupation" (i.e. protracted site work, rather than delivery).

Should you have any queries regarding this matter, then please contact ALLMI.

From November 1, the ALLMI card will carry the CSCS logo

## ALLMI Membership Event 2016

Held on 5th October at the Forest of Arden Marriott Hotel & Country Club in Meriden, the "ALLMI Membership Event 2016" proved a great success, with an impressive turnout and all corners of the lorry loader industry strongly represented.

Commenting on the event, ALLMI chairman, Mark Rigby said: "This is now the second year in a row that we have run a combined event for all membership divisions and, once again, it worked incredibly well. The meetings saw members updated on a raft of important issues, and our 'Discussion Group' format facilitated an excellent level of engagement, allowing us to obtain detailed information on a wide range of pertinent industry topics. As a result, we have come away with valuable feedback which will now help us to effectively focus our efforts and resources to the benefit of the entire membership."

Sue Husband speaks on Apprenticeships

Tom Wakefield adds "The networking element of the event is also of great importance, as it provides a relaxed and informal environment in which representatives from all industry sectors can discuss common issues and experiences. In this regard, as well as all members coming together for the working lunch, and Sue Husband's presentation on the National Apprenticeship Service in the afternoon, we also held a very successful social function in the evening which included dinner, charity fundraising with donations of more than £1,300 for the Lighthouse Club, and fantastic entertainment from comedian, Gary Marshall."

Should you have any questions regarding the event, or if you would like information on membership of the association, then please contact ALLMI.
