cranes & access

FOR USERS & BUYERS OF LIFTING EQUIPMENT

Cranes & Access reaches over six times as many UK/Irish buyers of aerial lifts and lifting equipment than any other crane or access magazine, along with an exceptionally strong international readership, with over 15,000 lifting related professionals around the world reading either the printed or online editions of the magazine.

Given the wide global readership you will be surprised at how cost effective it can be as a medium to promote your products or services.

WIDE RANGE OF QUALITY MACHINES AVAILABLE

THE NEW AHK 36

The new Trailer Crane AHK 36

We have upgraded the most powerful trailer crane of its class. Equipped with petrol engine the AHK 36 can now be operated with a lower noise level. Thanks to its improved insulation the noise is reduced by seven decibels compared to the previous model. Another new feature of the AHK 36 is endless rotation of the turntable. Of course it also offers all the other well-proven advantages of the strongest Böcker trailer crane:

- Extension lengths up to 36 m and payloads up to 2,400 kg
- Up to 50 cm ground clearance and 256 different outrigger positions
- Auto-levelling and Go-Home function
- Slew and boom-angle restriction
