# BIGGER, BETTER, AND BACK ON TOP.

The boom is back at Snorkel.

Month after month, growing numbers of customers worldwide are discovering the new Snorkel quality and time-proven reliability.

We've improved everything from our operating systems and technical services to our paint, our polish, even our pricing.

And we're proud that over the past year, Snorkel has been #1 in the aerial industry for quality and on-time delivery.

Keep your eye on Snorkel.

The boom is definitely back.

**GO HIGHER!**

When the highest structure in Ireland had to be erected, there was only one firm Dublin City could call. McNally's. The 120 metre Spire was no problem for the tallest crane in Ireland. So if you need a higher, heavier lift just give us a call.

## Are you selling in the USA? Yes or No - we can help you!

### What we do:

We are crane, Access and telehandler specialists, we operate a large modern warehouse and logistics centre, together with a workshop, and serviced offices. We can look after all or part of your distribution needs in the USA.

### Where we are:

We are located on the north side of Los Angeles, convenient for the docks, airport and main routes North and East. We are next door to the Ontario international airport with connections all over the USA.

### How we can help your business:

- we can** Unload your equipment from the docks,
- we can** Inspect it and carry out any repairs
- we can** store it, inside or out
- we can** Pre delivery inspect it
- we can** organise shipment to customer
- we can** store and dispatch spare parts for you
- we can** administer your warranty programme
- we can** help you comply with all local regulations
- we can** find local dealers or put you in touch with Rep networks
- we can** provide you with offices short term or long term

You guessed it we are a "can do" company, all our services can be selected individually or as a package, you can work with us short term long term whatever suits your needs.

### You only pay for what you use

# Are your Machines looking Old and Tired?

# The Paint Dull and Faded?

There is a fast solution  
that can save you £££'s

When a machines paint work becomes faded and dull,  
it can take hundreds of pounds off of its resale value  
and if it is in your fleet it can dent your image and reputation.

Current options do not work or are very costly:-

- Cutting polish simply does not last  
and damages the paint surface
- A respray can cost thousands plus loss of earnings.

There is now an alternative!

AFTER

Dakota shine treatment takes less than **24 hours** and will restore both  
the colour and the original deep gloss finish and will last as long as the  
original paint. The four steps are quick, simple and require minimum skills.

1. Pressure wash
2. Clean with Dakota Prep
3. Apply any touch up required
4. Spray with clear Dakota Shine

Leave to harden overnight and your machine is ready to go back to work  
with a new lease of life! Dakota shine also revives the rubber, vinyl and  
plastic parts so no need to Mask.
