## Having trouble with Grove or Krupp EKS units?

The EKS Repair Centre can provide rapid solutions to your problem.

We specialise in stocking and repairing all types of **Grove** and **Krupp** EKS units.

We can offer you four options to have your crane working quickly and safely again:

1. You send us the EKS unit (via courier/secure delivery preferably insured), We will repair the unit for you within seven working days and send it back to you.
2. We can immediately send you a refurbished unit - if is available from stock - you can install it as get back to work with the crane. You can decide whether to send your old EKS back to us or not. If you do we will inspect it and refund you the value of the old unit.

## SINOBOOM

[www.sinoboom.eu](http://www.sinoboom.eu)  
[info@sinoboom.eu](mailto:info@sinoboom.eu)  
+31 180 225 666

With working heights from 4m (13') to 14m (46'), Sinoboom scissor lifts are suitable for a wide range of working conditions. Effortless walking and steering functions are coupled with high-standard energy-saving and environmental protection measures, including noise reduction and zero emissions. An automatic lowering alarm reduces risk of accidents, and the platform has an excellent load capacity for its light weight. The platform itself can be disassembled for convenient transport.
