

Would you prefer to receive your own personal copy of the printed version of **Cranes & Access**? Then register on-line now for your personal subscription. Cranes & Access: The UK Lifting Professional's magazine.

www.Vertikal.net/en/journal_subscription.php

Do you need to keep up to date with what's happening in the German, Austrian and Swiss lifting industries? Then our sister magazine, **Kran & Bühne**, is the magazine for you. Subscribe now to Germany's leading independent magazine for the crane and access industries and keep up to date with the latest news (published in German).

www.Vertikal.net/de/journal_subscription.php

The world's largest on-line listing of mainland European crane and access rental companies is available to you now. Just click the link below to go to Vertikal.net/Vermieter where the bi-lingual site will guide you to hire companies throughout Europe.

www.Vertikal.net/Vermieter

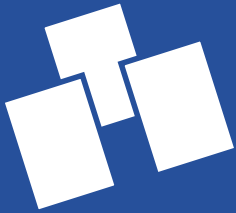

Free! Up to the minute news from the lifting industry by e-mail straight to your mailbox. Sign up for **NewsAlerts** to get head line news as it happens. You choose which sectors are of interest to you and we make sure you only get short, individually selected emails that are relevant to you.

www.Vertikal.net/en/newsletter.php

Laptop users: Download **complete issues of Cranes & Access or Kran & Bühne** to read when you have the time. Using the latest version of Adobe Acrobat you can search for specific words or names in the issue or even have your PC read the articles out loud to you while winging your way across the Atlantic (or wiling away the hours on the Motorway!). But, please note these are large files of about 5Mb each.

Versalift Distributors UK Ltd Training Controller

Versalift is the **largest** supplier of vehicle mounted access platforms in Europe and currently has an opportunity for a **Training Controller**. The successful candidate will be required to provide operator training courses and profitably develop the training department of **Versalift UK**. They will in addition be required to develop **Technical Training courses** for our own and our customer's field service engineers. The ideal candidate for this post must be an existing **International Powered Access Federation (IPAF)** qualified instructor although full training can be provided on vehicle mounted access platforms. A competitive salary and benefits package will be negotiated. This is an **excellent opportunity** for someone who is looking to become a senior manager in an industry leading business.

Application and CV stating current salary to:

David Richards

After Sales Manager

Are your Machines looking Old and Tired?

The Paint Dull and Faded?

There is a fast solution that can save you £££'s

When a machines paint work becomes faded and dull, it can take hundreds of pounds off of its resale value and if it is in your fleet it can dent your image and reputation.

Current options do not work or are very costly:-

- Cutting polish simply does not last and damages the paint surface
- A respray can cost thousands plus loss of earnings.

There is now an alternative!

Dakota shine treatment takes less than **24 hours** and will restore both the colour and the original deep gloss finish and will last as long as the original paint. The four steps are quick, simple and require minimum skills.

1. Pressure wash
2. Clean with Dakota Prep
3. Apply any touch up required
4. Spray with clear Dakota Shine

Leave to harden overnight and your machine is ready to go back to work with a new lease of life! Dakota shine also revives the rubber, vinyl and plastic parts so no need to Mask.
