Crane and heavy equipment manager

Operations, Sales, Projects and Planning

I am a South African born male, currently pursuing my career in the Middle East. I am a specialist in the operational department of the heavy equipment industry, specialising in mobile crane rental, heavy haulage and specialist rigging services.

I have a total of 16 years' experience in the industry. Of these, more than 15 of them have been in managerial positions. In the Past eight years my position was incorporated with that of General / Branch Manager.

I have also managed some of the largest projects and shutdowns, in both the petrochemical and energy sectors. In addition to this, I decommissioned the old, and installed the new Waterfront Pedestrian Swing Bridge, in Cape Town.

GOING UP IN THE WORLD

A history of Simon Engineering, the development of the powered access industry and a lifetime as an engineer, by Denis Ashworth

Ashworth was a keen engineer and from an early age found himself in at the very start of the modern powered access industry.

His book is an unusual combination of autobiography and history of Simon Engineering Dudley, a pioneer of the powered access industry and at one time, the world's largest manufacturer of aerial lifts.

The coffee table sized book, is highly readable and includes around 150 photographs and drawings from the very beginning of the industry. It is a 'must read' for anyone who is interested in powered access, the hydraulic equipment industry or in comparing modern day engineering challenges with those of an entirely different era.

The book is available direct from the publishers at £19.50, plus £4.50 postage and packing.

- Continental Europe €23 plus €6.50 postage & packing
- Rest of world \$31 plus \$10 shipping
